Public Advisory: Family member of Retailer tested positive for COVID-19 at Store 4180 - 124 Whiting Avenue, Ingersoll, ON

BG Fuels was informed by site operations on May 18th, 2020 that a family member of the Retailer managing our location at 124 Whiting Avenue, Ingersoll, ON has tested positive for COVID-19. Upon notification of a potential case, BG Fuels immediately shut down operations to disinfect the convenience store and gas pump islands. After confirmation of a positive case, Public Advisory signs were posted to notify customers and prompt those that have visited the location between May 3rd – 17th to follow local public health testing protocols if they are demonstrating symptoms.

BG Fuels is committed to the safe operation of its gas and convenience locations and the safety of all operating staff and retailers. BG Fuels has implemented multiple protocols at our locations, including but not limited to sneeze guards, gloves, sanitization, additional cleaning procedures, and adjusted store operation hours to help stop the spread of COVID-19.
